

## Thirty Years Serving Our Community

October 31, 2018

**MURFREESBORO, Tenn. (April 20, 2018)** – This fall marks 30 years since Middle Point Landfill began serving Middle Tennessee, and we'd like to say thank you for allowing us to be a part of this special community. Over the years, as our community has grown, the Landfill has provided safe and environmentally responsible waste disposal options to residents and businesses alike from all across the area.

In the coming months, we'll be communicating more frequently about recent facility enhancements, community involvement and landfill operations. In the meantime, if you'd like to learn more about the Landfill, our website, [middlepointlandfill.com](http://middlepointlandfill.com), features information about the Landfill, including hours of operation, types of materials accepted, site safety, sustainability, community engagement and answers to frequently asked questions.

We are honored to be in this community and remain committed to safe and responsible landfill operations. As your neighbor, we look forward to continuing to serve.
