

Republic Supporting Local Restaurants With Employee Meal Program

April 24, 2020

MURFREESBORO, Tenn. (Apr. 24, 2020) – Republic Services is doing its part to support local businesses during these difficult times.

For the past several weeks, Republic has been providing meals for employees at both Middle Point Landfill and the local hauling division. Meals are being sourced from local restaurants and small business customers throughout Rutherford County.

“We are using local restaurants to provide our team with lunch,” said Jeremy Jernigan, general manager at Middle Point Landfill. “On Fridays, we send every employee home with a family dinner pack. It’s a way of showing our appreciation to our employees and to local businesses in our community.”

Jernigan said Republic has spent over \$20,000 with local restaurants in recent weeks, including The Alley on Main, Slick Pig BBQ, Kinfolks BBQ and Spooky’s Pizza.

“We’re part of this community and, in these difficult times, we’re proud to do our part to support our customers and local businesses,” said Jernigan. “Our employees enjoy the meals and they take pride in doing their part to support their neighbors.”
